

# Stars Are Shining at WIC with Excellent Opportunities

## A position with the Women, Infants, and Children Supplemental Nutrition Branch offers:

The opportunity to enhance your skills.

A history of preparing staff for promotional opportunities.

Free parking and a nice office facility.

The satisfaction of being part of a program that provides nutrition services to families with young children.

All positions are 100% federally funded.

### Class Title: PUBLIC HEALTH NUTRITION CONSULTANT II

**Tenure:** Permanent

**Time Base:** Full time or part time available

**Unit:** Local Agency Support

**Section:** Local Agency Support

**Location:** **Position Number:** 804-999-2162-XXX (2 Positions available)

**Salary:** \$4,341.00 - \$5,427.00

**Duties:** The Public Health Nutrition Consultant II (PHNC II) is responsible for leading various projects, consultation and technical assistance on nutrition services to WIC local agencies in assigned regions. The PHNC II reviews and approves WIC local agencies corrective action plans and Nutrition Services Plan. Independently consults with WIC local agency directors to assist them in the development of written plans to ensure nutrition services are in accordance with the United States Department of Agriculture (USDA) regulations. Conducts ongoing technical assistance visits to evaluate local agency nutrition services. These nutrition services include nutrition education lesson plans, obesity prevention, breastfeeding promotion and education, therapeutic formula screening and identifying high risk participants. Opportunity to represent the State WIC Branch on a variety of interagency committees. These committees help local programs with outreach in the community, food package changes, increasing participation and obtaining nutrition educational goals. Independently conducts a learning needs assessment and prepares curricula and materials for workshops, regional trainings and staff in-services on nutrition topics such as nutrient needs during pregnancy and lactation; food preparation for toddlers; and pediatric food allergies.

### Qualifications:

- Strong desire to make a difference in obesity prevention in local communities
- Looking for an opportunity to provide technical assistance to a public health nutrition program that serves women, infants and children
- Master Degree, Registered Dietitian and two years experience in nutrition or dietetics

### Who May Apply:

Applications will be accepted from persons with transfer or list eligibility. If you are interested in testing for the Public Health Nutrition Consultant positions, please contact Trisha Lawson at (916) 928-8780.

**Note:** Applications will be reviewed and only the most qualified candidates will be interviewed. The State Personnel Board's State Restriction of Appointment (SROA) lists will take precedence.
